

Work Placements at the Stephen Joseph Theatre

Thank you very much for your interest in our Work Placement Programme. The SJT offers work placements within 3 different areas of the production department. These are in Stage Management, Design and our Electrics department. As each department can only take one student at any one time, the placements are limited and in demand.

As the schedule for the theatre is only known about 4 months in advance we can only take provisional bookings at certain times of the year. Provisional bookings will be finalised as soon as the schedule is known.

Work placements are designed for students who are either at University/College, or about to commence a college course and are studying a subject or area that we are offering a placement in.

The placement is referred to as "Page to Stage". This will mean that those on a placement will join on the first day of a rehearsal and work through until press night of that particular production. Depending on the production the placement will last between 4 and 6 weeks. We would expect that while on a placement you would be available for the majority of this time.

If you are interested in pursuing a placement, please fill in and return the application form to Pat Walkland at the Theatre's Reception. Please enclose a CV to support your application. It is possible that we may decide to interview any applicants for a work placement. If you have any questions please do not hesitate to contact the relevant department that you are interested in working in. Details are below. We hope to hear from you soon.

Contact details:

Stage Management Andy Hall Tel: 01723 370540 ext 282

Electrics department Paul Stear Tel: 01723 370540 ext 272
