

The Round

Please note:

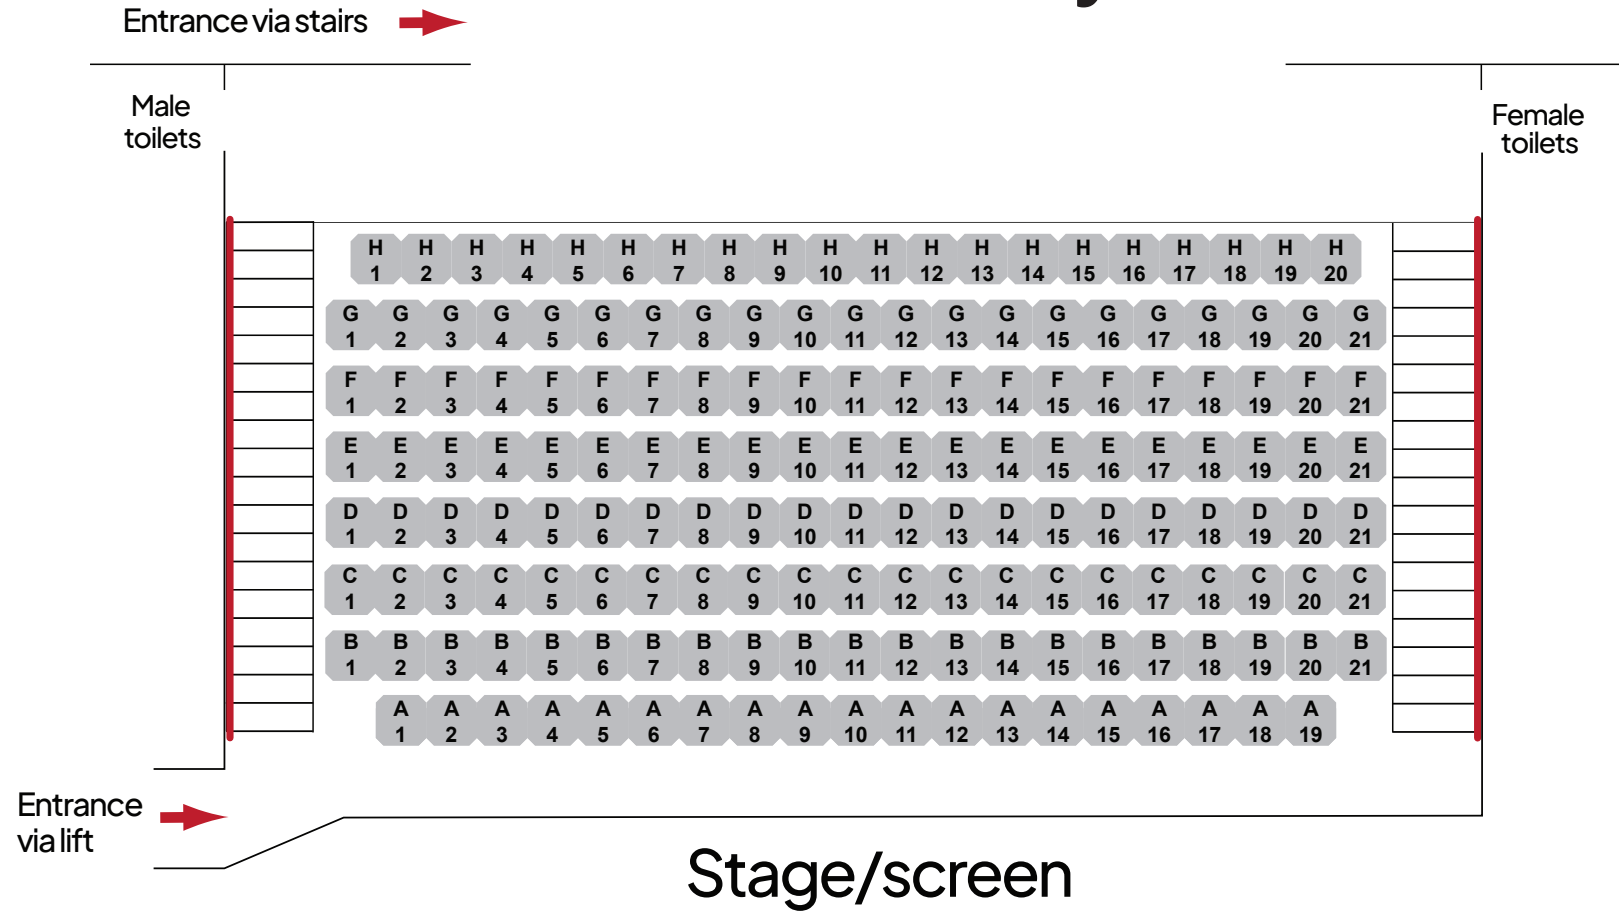

Our building has lots of stairs, so do take the lift if it's easier - you'll want **floor 2 for the Round** (if you arrive early and your floor is unavailable, you can wait in our foyer/bar area on floor 1).

Access to most seats involves either climbing or descending stairs - we've marked handrails in red.

In the Round, **level access to the front row via the stage** is often available on request.

The **back row seats** in the Round have a leaner bar in front and no armrests in between seats.

The McCarthy

Please note:

Our building has lots of stairs, so do take the lift if it's easier - you'll want **floor 3 for the McCarthy** (if you arrive early and your floor is unavailable, you can wait in our foyer/bar area on floor 1).

Access to most seats involves either climbing or descending stairs - we've marked handrails in red.
